PETITIONING THE COURT

To issue a summons.

The probation officer believes that the offender has violated the following condition(s) of supervision:

Violation Number Nature of Noncompliance

1 **Special Condition # 6:** You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

Supporting Evidence: It is alleged that Shellbie Klins violated the terms of her supervised release by consuming a controlled substance, methamphetamine, on or about July 15, 2021.

On December 1, 2018, supervision commenced in this matter. On December 4, 2018, a supervision intake was completed. Her conditions of supervised release were reviewed with her. She signed a copy of her judgment acknowledging an understanding of the conditions imposed by the Court, to include special condition number 6, noted above.

On July 12, 2021, a sweat patch was applied on Ms. Klins and was removed on July 15, 2021. The lab report confirmed a positive presence for methamphetamine. Ms. Klins was contacted about this and she has continued to deny use.

It should be noted there were sweat patches removed from Ms. Klins on May 5 and June 24, 2021. Both were confirmed positive from the lab for a presence of methamphetamine. Ms. Klins denied use at that time as well. Those uses and denials were addressed by the Sobriety
